ABOUT US

Hazpak was established in 1995. In response to the urgent need for reliable fire safety services in Kwa-Zulu Natal, we launched our fire division in 2020. To expand our service reach, we proudly opened Hazpak Cape Town in 2024, extending our safety services across the country.

Our fire division, provides reliable maintenance and installation solutions across KwaZulu-Natal. We're committed to serving clients with integrity, efficiency, and uncompromising quality.

OUR ACCREDITATIONS

OUR OFFERING

Our annual maintenance service ensures your fire safety equipment remains compliant and reliable. We thoroughly check for worn parts, rust, and other wear and tear, replacing or refurbishing as needed to keep everything functioning and looking its best. Used extinguishers are pressure-tested and refilled affordably, while hydro-testing is conducted on a scheduled basis to guarantee readiness in emergencies.

FIRE EQUIPMENT SUPPLY, SERVICE & MAINTENANCE

At Hazpak Fire Services, we ensure the installation of the correct fire safety equipment for compliance, and recommend extinguishers specific to application for your site. Our SAQCC-certified technicians provide efficient, competitive service directly to you, building on our reputation for excellence year after year.

WHO WE WORK WITH

Our portfolio of work includes residential estates, such as Dunkirk, Simbithi, Elaleni and various sites in Zimbali, reaching to shopping complexes, commercial properties, and vacation complexes.

The property managing agents and companies that commission our services on their property portfolio return year after year for the quality of service they know to expect.
